I can pinch hit for Chuck, if you want ORC input before circulating to management. Please send me a link to the sharepoint document.

Hi All,

I am going to put the MOU on SharePoint and start editing it. I removed Jim Payne from this e-mail because I don't want him to go on SharePoint looking for it until we consider it ready for his review unless you think otherwise, Linda, Debbie, Rett, Deb, and Tom. I think Chuck and I should work on it first, but Chuck is on annual leave today. I was going to suggest management look at it when we are done, but since he is out today, perhaps management should start looking at it when I am done.

Please let me know if you have any questions.

Thank you,
Jenny

Hi Everyone,

I just e-mailed you a link to the document Chuck and I prepared about Central Sands (AGC) for management's review. It is in the briefings folder in SharePoint and please be sure to look at the version that has our initials on it (cvm and jw).

I am leaving work soon, but I will be working more at home tonight. Thus, if you have any questions about it, please e-mail me.

Finally, I probably should have put those document in the Communication with Company folder. I will move it later after we are done with it. Sorry about that.

Thank you,
Jenny
